

SCIENCE in St. Louis

Learn about the science happening in our community!

Join us for refreshments, attendance prizes (including a Kindle Fire, tickets to area attractions and t-shirts) and best of all—SCIENCE!

**Thursday, July 20,
7:00 p.m. @ Cliff Cave Branch**

Insects

Learn through stories of scientific discovery how these creatures converse with vibrations and touch.

Speaker:

Dr. Kasey Fowler-Finn

Department of Biology, St. Louis University

Science in St. Louis is a partnership between the St. Louis County Library, the Photosynthetic Research Antenna Center (PRAC), Washington University's Geopost Institute (under a St. Louis Project Grant), and The Academy of Science of St. Louis. For more information, please visit: <https://pages.wustl.edu/scienceinstlouis>. Science in St. Louis is based upon work supported as part of the Photosynthetic Antenna Research Center (PARC), an Energy Frontier Research Center funded by the U.S. Department of Energy, Office of Science, Office of Basic Energy Sciences under Award Number DE-SC0001025. We also would like to thank the National Science Foundation for support awarded to Katelyn Fariss through the Graduate Research Fellowship Program under Award Number DGE-11-43554.

St. Louis County **Library**

Program sites are accessible. Upon two weeks' notice, accommodations will be made for persons with disabilities. Call 314-894-3300 or visit www.slc.org
