HEAR YE, HEAR YE!

Learn all about historical swordcraft with the Hudson Valley's own HEMA group (Historical European Martial Arts). Harley Jelis and his students will demonstrate techniques, discuss the history behind the actions, and for a group of 8-10 participants ages 14+ offer an introduction to longsword*, with time for Q&A!

*For those unable to do the longsword introduction, we will have a separate educational craft during that time!
