# APPLICATION WALK-THROUGH

The graphic is divided into two main sections. The left section has a light blue background and features the 'LIBRARIES TRANSFORMING COMMUNITIES' logo, which consists of a stylized flower-like shape with petals in shades of teal, blue, and red. Below the logo, the text reads 'LIBRARIES TRANSFORMING COMMUNITIES' in blue and red, followed by 'ACCESSIBLE SMALL AND RURAL COMMUNITIES' in smaller blue text. At the bottom of this section is the ALA American Library Association logo. The right section has a dark blue background and features the text 'OPPORTUNITY FOR SMALL AND RURAL LIBRARIES' in large white letters. Below this is the URL 'ala.org/LTCAccess' in white. A red starburst shape contains the text 'Applications open November 1, 2022 through February 28, 2023' in white. At the bottom of the right section are four white icons: an eye, an ear with sound waves, a brain, and a hand pointing.

Libraries Transforming Communities: Accessible Small and Rural Communities will offer more than \$7 million in grants to small and rural libraries to increase the accessibility of facilities, services, and programs to better serve people with disabilities.

**To be eligible, a library must have a legal service area population of 25,000 or less and be located at least five miles from an urbanized area, in keeping with Institute of Museum and Library Services (IMLS) definitions of small and rural libraries.**

ALA is now accepting applications for grants to be distributed over the next three years ranging from \$10,000 to \$20,000.

Participating libraries will first conduct community input-gathering sessions to assure that their work aligns with local needs. Libraries will be required to identify the primary audience they are hoping to reach (e.g., homebound seniors, children with autism, Deaf community members) and facilitate a community conversation with the impacted populations in order to guide improvement of the library's services. Grantees would then use the funds to create services or improve their facilities based on the needs identified by their audience.
