Discussion of satire & symbolism *The Princess Bride* by William Goldman

Some questions under discussion:

- Who was S. Morgenstern and what was his relationship to William Goldman?
- How the history of Florin plays into the novel?
- Where exactly is Florin?
- How is Florinese literature influenced by history?
- Is Miracle Max truly a magician or just a really, really lucky guesser?

Actually, no, we'll just sit around and discuss the book, maybe compare it to the movie. Definitely have cookies, possibly chocolate. Pick up a copy of the book at the library.

The Minstrel's Revels, a family production
